**Christian Service Voucher**

“Faith without works is dead” (James 2:26)

Credit for charity done for one’s neighbor cannot be fully measured in mere human terms. But since voluntary Christian Service is required as part of Religious Education and Formation, documentation verifying that the student is making an effort to put his or her Faith into practice is also required. In this spirit we ask that an adult witness to the good work done complete the following information.

I verify that \_\_\_\_\_ has completed \_\_\_\_hours of voluntary service. A description of the service performed is as follows:
